Grass		Full health in spring going to grass	85% good 15% medium

Comments:

This is a very nice set of grass steers. Little up and down but will feed very well together.
Count may vary after sort. Buyer delivery must be flexiable to accommodate

Comments:

This is a nice set of Angus/Angus X feeding steers. There are a few coarse cattle, all cattle are steered,
these cattle are a little up and down, but will feed very good. Count may vary
